

# Takutai Moana Financial Assistance Scheme

## Activity Workstream: Reasonable cost guidance and activities

From 1 July 2025

---

### Purpose

The Takutai Moana Financial Assistance Scheme (the Scheme) contributes to the costs incurred by applicants seeking recognition of customary interests under the Takutai Moana Act 2011 or Ngā Rohe Moana o Ngā Hapū o Ngāti Porou Act 2019 (the Act). The purpose of this document is to provide a Reasonable Cost Guidance for the Activity workstream.

---

### Contact Takutai Moana Funding Team

To ensure the ongoing financial sustainability of the Scheme, Te Tari Whakatau may be required to reconsider and update the policy outlined in the guidance. Notifications of changes to the policy will be made in advance of their coming into effect.

### Funding Workstreams

This guidance is for Activity Workstream costs. In addition to Activity Workstream funding, applicants may be eligible for Court Workstream and/or Collaboration Workstream funding.

Activity funding supports applicants to progress their application through either the High Court or Crown Engagement pathways.

- Eligible applicants may receive up to \$458,000 in Activity Workstream funding over the lifetime of their application.
- The Activity Workstream is divided into four sub-workstreams, all of which are expected to feature in a complete application:
  - Administration
  - Relationship
  - Research
  - Recognition

**Note:** Legal costs are expected across all four sub-workstreams.

#### Court Workstream

Court funding covers additional work required to directly prepare for and participate in court proceedings related to a Takutai Moana application. Refer to the [Court Workstream Guidelines](#) for further detail.

#### Collaboration Workstream

Collaboration funding supports joint efforts between multiple applicants where costs cannot be reasonably or equitably split. Refer to the [Collaboration Workstream Guidelines](#) for further detail.

---

## Activity Workstream Funding for 2025/26 financial year

Activity Workstream funding in 2025/26 will be prioritised for applicants who meet the following criteria:

- High Court applicants with a hearing scheduled during the 2025/26 or 2026/27 financial years; or
- Crown Engagement applicants who are considered close to determination in either the 2025/26 or 2026/27 financial years.

### Funding for time sensitive mahi

Activity funding may also be available to any applicant where the work is considered **time sensitive**. This includes, but is not limited to:

- Seasonally dependent mahi (e.g. coastal site visits or fieldwork).
- Collection of evidence from kaumātua or kuia; or
- Other urgent tasks where delay would risk prejudice to the applicant's case.

Time-sensitive funding is considered on a case-by-case basis and must be pre-approved through a Budgeted Workplan submitted to the Takutai Moana funding team.

*Even if you do not meet the criteria to be prioritised for Activity funding this financial year, you may still be eligible for time sensitive mahi. Please note these costs will come from your Activity Workstream balance.*

---

## How to access Activity Workstream funding for 2025/26 financial year

All Activity Workstream costs must be agreed in writing by Te Tari Whakatau *before* they are incurred or submitted for reimbursement.

To access and be reimbursed for eligible costs, applicants must follow the process below:

### 1. Submit a Budgeted Workplan

Applicants must prepare and submit a Budgeted Workplan for the 2025/26 financial year. This must cover planned work to be undertaken between 1 July 2025 and 30 June 2026.

**Note:** Costs incurred outside of an approved Budgeted Workplan will **not** be funded.

### 2. Submit a Reimbursement Request

Once the Budgeted Workplan has been approved, applicants may request reimbursement by submitting:

- A completed [Activity Funding Request Form](#), and
- Supporting documentation, which must include:
  - Invoices, itemised timesheets, and receipts for disbursements.
  - Itemised timesheets for roles such as legal counsel, project administrators, and project managers. These must include:
    - Date of mahi completed
    - Description of work performed
    - Hours worked
    - Hourly rate, reflective of the role performed

**Note:** It is not standard practice for historians or researchers to maintain detailed hourly timesheets, as their work is usually milestone-based. For these roles, a detailed invoice showing the hourly rate and number of hours worked is acceptable in place of timesheets.

An example of an itemised timesheet is available [here](#).

Failure to provide adequately detailed timesheets may result in a **decline of payment**. The Funding team must be able to clearly assess what work was undertaken before reimbursement can be approved.

## Activity Workstream Costs – Fair and Reasonable Expenditure

All expenditure claimed must be eligible, progress a Takutai Moana application; and be considered fair and reasonable. Activity Workstream tasks that help to progress an application might include (refer to tables below):

- Table 1: Legal advice - we expect legal counsel may take a role in developing strategy to help their client achieve determination
- Table 2: Gathering and preparing evidence and/or carrying out historical research
- Table 3: Project administrator or project management costs
- Table 4: Travel time
- Table 5: Disbursements
- Table 6: A non-exhaustive list of Activity Workstream tasks that are covered by the Scheme
- Table 7: A list of tasks *excluded* from the Scheme can be found in Table 7 of this document.

### Hourly rates:

The Scheme provides reimbursement for time and attendance at the hourly rates outlined in the following tables. It is expected work carried out is charged at the appropriate level and/or rate for the task, not necessarily by the highest rate associated with the normal role or title of the person doing the work.

Rates in this guidance are based on a combination of current\* Legal Aid rates (FC3 and FC2), consideration of market rates and government expenditure policies for matters such as travel and accommodation.

\*Current as of 1 July 2025

### Activities or rates not listed in this guidance:

Rates or hours that fall outside of these guidelines require pre-approval from the Funding Team as part of the Budgeted Workplan before expenses are committed (e.g. contract for services signed with a third party).
